

Questions!

1. A patient has acute diarrhea which is watery, abdominal pain and abdominal gurgling, and feelings of chilliness that improve with heat. The tongue is pale with white coating. The pulse is deep and slow. What is the prescription?

- a ST-36 (zu san li), ST-25 (tian shu), ST-44 (nei ting), SP-9 (yin lingquan)
- b ST-36 (zu san li), CV-12 (zhong wan), SP-3 (tai bai), BL-20 (pishu), LR-13 (zhang men)
- c ST-36 (zu san li), BL-20 (pi shu), CV-4 (guanyuan), KI-3 (tai xi)
- d ST-36 (zu san li), ST-25 (tian shu), CV-12 (zhong wan), CV-6 (qi hai)

2. A patient has difficult and hesitant urination with fullness and pain in the lower abdomen. The tongue has a thin and white coating. The pulse is deep and wiry. What is the prescription?

- a LR-2 (xing jian), BL-28 (pang guan shu), CV-3 (zhong ji), SP-9 (yin ling quan)
- b SP-9 (yin ling quan), BL-23 (shen hu), BL-28 (pang guan shu), CV-3 (zhong ji), KI-6 (zhao hai)
- c BL-28 (pang guan shu), CV-3 (zhong ji), SP-9 (yin ling quan), BL-39 (wei yang)
- d BL-28 (pang guan shu), SP-10 (xue hai), CV-3 (zhong ji), SP-9 (yin ling quan), SP-6 (san yin jiao)

3. A patient has sudden deafness, constant ringing in the ears, flushed face, dry mouth, and easily irritable. The tongue is red. The pulse is wiry. What is the prescription?

- a GB-2 (ting hui), SI-19 (ting gong), TB-21 (er men), LI-4 (he gu), TB-5 (wai guan)
- b TB-17 (yi feng), GB-2 (ting hui), KI-3 (tai xi), GV-4 (ming men), TB-3 (zhong zhu), BL-23 (shen shu)
- c TB-17 (yi feng), GB-2 (ting hui), TB-3 (zhong zhu), LR-2 (xing jian), GB-41 (zu lin qi)
- d ST-44 (nei ting), LI-11 (qu chi), GB-2 (ting hui), SI-19 (ting gong), TB-21 (er men)

4. A patient has jaundice with bright yellow color on the skin and eyes, fever and thirst. The tongue has a greasy yellow coating. The pulse is wiry and fast. What is the prescription?

- a BL-19 (dan shu), BL-18 (gan shu), LR-5 (li gou), GB-37 (guang ming)
- b SP-9, BL-18 (gan shu), BL-19 (dan shu), ST-36 (zu san li), GV-9 (zhi yang), BL-20 (pi shu), BL-48
- c GV-9, SP-9 (yin ling quan), BL-18 (gan shu), BL-19 (dan shu), LR-3 (tai chong), GB-34, ST-36
- d SP-4 (gong sun), PC-6 (nei guan), CV-12 (zhong wan), BL-18

5. A patient has epigastric pain which is worse with pressure and after meals, belching with foul odor, and poor appetite. The tongue has a thick coating. The pulse is forceful and slippery. What is the prescription?

- a PC-6 (nei guan), CV-12 (zhong wan), LR-14 (qi men), ST-36 (zu san li), LR-3 (tai chong)
- b CV-12 (zhong wan), PC-6 (qi hai), ST-36 (zu san li), SP-4 (gong sun), BL-20 (pi shu)
- c PC-6 (nei guan), ST-36 (zu san li), CV-12 (zhong wan)
- d PC-6 (nei guan), ST-36 (zu san li), LI-4 (he gu), ST-40 (feng long)

6. A patient has dribbling urination, pallor, chilliness, and weak loins. The pulse is weak. What is the prescription?

- a LR-2 (xing jian), BL-28 (pang guan shu), CV-3 (zhong ji), SP-9 (yin ling quan)
- b TB-4 (yang chi), BL-23 (shen shu), CV-4 (guan yuan), GV-20 (bai hui), GV-4 (ming men)
- c BL-28 (pang guan shu), CV-3 (zhong ji), SP-6 (san yin jiao), BL-39 (wei yang)
- d SP-6 (san yin jiao), CV-3 (zhong ji), ST-28 (shui dao), KI-5 (shui quan)

7. A patient has light red rashes and heavy sensations in the body. The tongue coating is white and sticky. The pulse is floating and slow. What is the prescription?

- a LI-11 (qu chi), LI-4 (he gu), BL-40 (wei zhong), SP-10 (xue hai), SP-6 (san yin jiao), GV-14 (da zhui)
- b LI-11 (qu chi), LI-4 (he gu), BL-40 (wei zhong), SP-10 (xue hai), SP-6 (san yin jiao), ST-25 (tian shu), ST-36
- c LI-11 (qu chi), LI-4 (he gu), BL-40 (wei zhong), SP-10 (xue hai), SP-6 (san yin jiao), SP-9 (yin ling quan)
- d LI-11 (qu chi), LI-4 (he gu), BL-40 (wei zhong), SP-10 (xue hai), SP-6 (san yin jiao)

8. A patient has been in the sun too long. He has a headache, dizziness, profuse sweating, hot skin, coarse breathing, dry mouth, strong thirst, superficial-large and fast pulse. What is the prescription?

- a LI-4 (he gu), LR-2 (xing jian), GV-20 (bai hui), GB-20 (feng chi)
- b GV-26 (shui gou), GV-20 (bai hui), extra point shi xuan, PC-3 (qu ze), BL-40 (wei zhong)
- c PC-9 (zhong chong), KI-1 (yong quan), GV-14 (da zhui)

d GV-14 (da zhui), PC-6 (nei guan), LI-11 (qu chi), BL-40 (wei zhong)

9. A patient has distending pain in the hypochondriac region, frequent sighing, and a bitter taste in the mouth. The tongue has a thin white coating. The pulse is wiry. What is the prescription?

- a LR-14 (qi men), LR-3 (tai chong), BL-18 (gan shu), SP-6 (san yin jiao), ST-36 (zu san li)
- b LR-3 (tai chong), LR-14 (qi men), GB-34 (yang ling quan), TB-6 (zhi gou), GB-40 (qiu xu)
- c LR-3 (tai chong), BL-18 (gan shu), BL-19 (dan shu), GB-34 (yang ling chuan), PC-6 (nei guan)
- d BL-18 (gan shu), LR-14 (qi men), TB-6 (zhi gou), GB-34 (yang ling quan), BL-17 (ge shu)

10. A patient has palpitations, fullness in the chest and epigastrium, weakness, and cold extremities. The tongue has a white and wet coating. The pulse is tight. What is the prescription?

- a PC-6 (nei guan), ST-36 (zu san li), BL-15 (xin shu), CV-14 (ju que), HT-7 (shen men), BL-20, BL-21
- b BL-15 (xin shu), CV-14 (ju que), BL-23 (shen shu), HT-7 (shen men), PC-6 (nei guan), KI-3 (tai xi)
- c BL-15 (xin shu), CV-14 (ju que), HT-7 (shen men), PC-6 (nei guan), PC-5 (tong li), GB-40 (qiu xu)
- d BL-15 (xin shu), CV-14 (ju que), CV-9 (shui fen), CV-4 (guan yuan), SP-9, HT-7 (shen men), PC-6

11. A patient has loud hiccups which are worse after meals, epigastric and abdominal distention. The tongue has a thick and greasy coating. The pulse is slippery and forceful. What is the prescription?

- a BL-17 (ge shu), BL-18 (gan shu), BL-19 (dan shu)
- b BL-17 (ge shu), CV-12 (zhong wan), CV-14 (ju que), ST-36 (zu san li), PC-6 (nei guan)
- c ST-36 (zu san li), PC-6 (nei guan), LR-3 (tai chong), BL-17 (ge shu), CV-12 (zhong wan)
- d PC-6 (nei guan), BL-17 (ge shu), CV-12 (zhong wan), ST-36 (zu san li), CV-13 (shang wan)

12. A patient has been in the sun too long. He has a headache and strong thirst. He has shortness of breath and then collapses, losing consciousness. He is sweating and the pulse is deep and forceless. What is the prescription?

- a GV-26 (shui gou), GV-20 (bai hui), extra point shi xuan, PC-3 (qu ze), BL-40 (wei zhong)
- b PC-9 (zhong chong), KI-1 (yong quan), GV-14 (da zhui)
- c GV-14 (da zhui), PC-6 (nei guan), LI-11 (qu chi), BL-40 (wei zhong)
- d LI-4 (he gu), LR-2 (xing jian), GV-20 (bai hui), GB-20 (feng chi)

13. A patient is depressed, has grief without reason, strong feelings of distress in the chest, capricious joy or anger, suspicious, insomnia. The tongue has a thin white coating. The pulse is thin and wiry. What is the prescription?

- a CV-14 (ju que), HT-7 (shen men), SP-6 (san yin jiao), LR-3 (tai chong), PC-6 (nei guan), CV-17 (tan zhong)
- b ST-36 (zu san li), CV-17 (tan zhong), CV-12 (zhong wan), LR-3 (tai chong), SP-4 (gong sun), BL-18
- c CV-13 (shang wan), TB-6 (zhi gou), GB-34 (yang ling quan), LR-2 (xing jian), GB-43 (xia xi)
- d LR-3 (tai chong), PC-6 (nei guan), CV-22 (tian tu), ST-40 (feng long), CV-17 (tan zhong)

14. A patient has erysipelas with red, hot burning pain. The color changes from bright red to dull red in several days followed by healing with desquamation. Other symptoms include chills, fever, headache. The tongue is red with thin and yellow coating. The pulse is floating and fast.

- a LI-11 (qu chi), LI-4 (he gu), PC-3 (qu ze), BL-40 (wei zhong), GB-20 (feng chi), ST-36, SP-9, GV-14
- b SP-6 (san yin jiao), SP-10 (xue hai), LI-11 (qu chi), BL-17 (ge shu)
- c LI-11 (qu chi), LI-4 (he gu), PC-3 (qu ze), BL-40 (wei zhong), GB-20 (feng chi)
- d LI-11 (qu chi), LI-4 (he gu), PC-3 (qu ze), BL-40 (wei zhong), BL-17 (ge shu)

15. A patient has dysmenorrhea with dull pain at the end of menstruation that is better with warmth and pressure, pink and scanty and thin menses, and pale complexion. The tongue is pale. The pulse is weak. What is the prescription?

- a CV-3 (zhong ji), SP-10 (xue hai), LR-3 (tai chong), SP-6 (san yin jiao), LI-4 (he gu), ST-29 (gui lai)
- b CV-6 (qi hai), CV-4 (guan yuan), LI-4 (he gu), SP-10 (xue hai), SP-8 (di ji)
- c SP-6 (san yin jiao), CV-4 (guan yuan), BL-20 (pi shu), ST-36 (zu san li), BL-23 (shen shu)
- d CV-3 (zhong ji), BL-32 (ci liao), LI-4 (he gu), SP-10 (xue hai), SP-8 (di ji), LR-3 (tai chong)

16. A patient has chronic diarrhea with undigested food, poor appetite, sallow complexion, and distension after eating. The tongue is pale with a white coating. The pulse is thin and weak. What is the prescription?

- a ST-36 (zu san li), ST-25 (tian shu), CV-12 (zhong wan), CV-6 (qi hai)
- b ST-36 (zu san li), CV-12 (zhong wan), SP-3 (tai bai), BL-20 (pi shu), LR-13 (zhang men)

- c ST-36 (zu san li), ST-25 (tian shu), ST-44 (nei ting), SP-9 (yin ling quan)
d ST-36 (zu san li), BL-20 (pi shu), CV-4 (guan yuan), KI-3 (tai xi)

17. A patient has chronic diarrhea which tends to occur in the early morning, pain below the navel, and cold extremities. The tongue is pale with white coating. The pulse is deep and weak. What is the prescription?

- a ST-36 (zu san li), ST-25 (tian shu), ST-44 (nei ting), SP-9 (yin ling quan)
b ST-36 (zu san li), BL-20 (pi shu), CV-4 (guan yuan), KI-3 (tai xi)
c ST-36 (zu san li), ST-25 (tian shu), CV-12 (zhong wan), CV-6 (qi hai)
d ST-36 (zu san li), CV-12 (zhong wan), SP-3 (tai bai), BL-20 (pi shu), LR-13 (zhang men)

18. A patient has palpitations, restlessness, irritability, insomnia, dizziness, sensations of heat in the latter part of the day, and tinnitus. The tongue is red with little coating. The pulse is thin and fast. What is the prescription?

- a PC-6 (nei guan), ST-36 (zu san li), BL-15 (xin shu), CV-14 (ju que), HT-7 (shen men), BL-20 (pi shu), BL-21
b BL-15 (xin shu), CV-14 (ju que), HT-7 (shen men), PC-6 (nei guan), PC-5 (tong li), GB-40 (qin xu)
c BL-15 (xin shu), CV-14 (ju que), CV-9 (shui fen), CV-4, SP-9 (yin ling quan), HT-7 (shen men), PC-6
d BL-15 (xin shu), CV-14 (ju que), BL-23 (shen shu), HT-7 (shen men), PC-6 (nei guan), KI-3 (tai xi)

19. A patient has wheezing, in drawing of the soft tissue of the neck, shortness of breath, sweating, cold limbs, back pain. The tongue is pale. The pulse is deep and thready. What is the prescription?

- a GV-14 (da zhui), LU-7 (lie que), LI-4 (he gu), BL-12 (feng men), BL-13 (fei shu)
b KI-3 (tai xi), BL-23 (shen shu), BL-13 (fei shu), CV-17 (tan zhong), CV-6 (qi hai)
c BL-13 (fei shu), LU-9 (tai yuan), ST-36 (zu san li), SP-3 (tai bai)
d BL-13 (fei shu), LU-5 (chi ze), CV-22 (tian tu), ST-40 (feng long), extra point ding chuan

20. A patient has cough, itchy throat, nasal obstruction, thin sputum. He complains of fever and aversion to cold. The tongue has a thin white coating. The pulse is floating. What is the prescription?

- a BL-13 (fei shu), LU-7 (lie que), LI-4 (he gu), GV-14 (da zhui), TB-5 (wai guan)
b BL-13 (fei shu), LU-5 (chi ze), CV-12 (zhong wan), ST-40 (feng long)
c LI-4 (he gu), LU-7 (lie que), BL-13 (fei shu), LU-11 (shao shang)
d LU-5 (chi ze), CV-12 (zhong wan), ST-40 (feng long), GV-14 (da zhui), TB-5 (wai guan)

21. A patient has abdominal distention and fullness in the abdomen which is worse with pressure, foul breath and dark urine. The tongue has a thick and yellow coating. The pulse is slippery, fast and forceful. What is the prescription?

- a SP-4 (gong sun), PC-6 (nei guan), CV-12 (zhong wan), BL-18 (gan shu)
b ST-25 (tian shu), ST-36 (zu san li), CV-12 (zhong wan), LI-4 (he gu), CV-6 (qi hai), SP-9 (yin ling quan)
c CV-12 (zhong wan), CV-4 (guan yuan), SP-3 (tai bai), ST-25 (tian shu), ST-36 (zu san li)
d ST-36 (zu san li), LI-10 (shou san li), LI-4 (he gu), CV-3 (zhong ji)

22. A patient has erysipelas with red, hot burning pain. The color changes from bright red to dull red in several days followed by healing with desquamation. Other symptoms include fever, irritability, thirst, poor appetite, constipation, dark urine. The tongue has a sticky and yellow coating. The pulse is fast.

- a SP-6 (san yin jiao), SP-10 (xue hai), LI-11 (qu chi), BL-17 (ge shu)
b LI-11 (qu chi), LI-4 (he gu), PC-3 (qu ze), BL-40 (wei zhong), GB-20 (feng chi)
c LI-11 (qu chi), LI-4 (he gu), PC-3 (qu ze), BL-40 (wei zhong), BL-17 (ge shu)
d LI-11 (qu chi), LI-4 (he gu), PC-3 (qu ze), BL-40 (wei zhong), GB-20 (feng chi), ST-36, SP-9, GV-14

23. A patient complains of constipation. She has pale lips, dizziness, and shortness of breath. The tongue is pale with thin coating. The pulse is thready and weak. What is the prescription?

- a BL-25 (da chang shu), ST-25 (tian shu), TB-6 (zhi gou), ST-37 (shang ju xu), ST-39 (xia ju xu)
b CV-12 (zhong wan), BL-25 (da chang shu), ST-25 (tian shu), LR-3 (tai chong), TB-6 (zhi gou), KI-6
c KI-6 (zhao hai), ST-25 (tian shu), BL-20 (pi shu), BL-25 (da chang shu), TB-6 (zhi gou), ST-36 (zu san li)
d BL-25 (da chang shu), ST-25 (tian shu), TB-6 (zhi gou), KI-6 (zhao hai), LI-11 (qu chi), LI-4

24. A pregnant woman has prolonged labor with malposition of the fetus, sharp pain in the abdomen, scanty dark and red bleeding, dark complexion. The tongue is dark. The pulse is deep and forceful. What is the prescription?

- a BL-67 (zhi yin), SP-6 (san yin jiao), LI-4 (he gu)

- b BL-67 (zhi yin), GB-21 (jian jing), ST-36 (zu san li)
- c BL-67 (zhi yin), GB-21 (jian jing), LI-4 (he gu)
- d BL-67 (zhi yin), SP-6 (san yin jiao), ST-36 (zu san li)

25. A patient has low back pain made worse with cold and rainy days, pain is stiff with limitation in extension and flexion. The tongue has a white and sticky coating. The pulse is deep and slow. What is the prescription?

- a BL-40 (wei zhong), GV-3 (yao yang guan), GV-4 (ming men), BL-23 (shen shu), extra point yao yan
- b BL-23 (shen shu), BL-25 (da chang shu), BL-26 (guan yuan shu), GV-3 (yao yang guan), BL-40 (wei zhong)
- c BL-40 (wei zhong), GV-26 (ren zhong)
- d Extra point yao tong xue, BL-23 (shen shu), BL-40 (wei zhong), GV-26 (ren zhong), GV-3

26. A patient has headache with severe pain on both sides of the head, blurred vision, flushed face, hot temper. The tongue red with yellow coating. The pulse is wiry. What is the prescription?

- a GB-20 (feng chi), GV-20 (bai hui), LR-2 (xing jian), GB-43 (xia xi), GB-5 (xuan lu)
- b BL-18 (gan shu), GV-20 (bai hui), BL-23 (shen shu), CV-6 (qi hai), BL-20 (pi shu), ST-36 (zu san li)
- c LR-3 (tai chong), BL-67 (zhi yin), SI-3 (hou xi), GV-20 (bai hui)
- d GB-41 (zu lin qi), TB-5 (wai guan), GB-8 (shuai gu), extra point tai yang

27. The prescription for a temporal headache is

- a SI-3 (hou xi), BL-60 (kun lun), GB-20 (feng chi)
- b LR-3 (tai chong), BL-67 (zhi yin), SI-3 (hou xi), GV-20 (bai hui)
- c GB-41 (zu lin qi), TB-5 (wai guan), GB-8 (shuai gu), extra point tai yang
- d LI-4 (he gu), ST-8 (tou wei), extra point yin tang, ST-44 (nei ting), GV-23 (shang xing)

28. A patient has palpitations, dizziness, blurry vision, dull complexion, and shortness of breath. The tongue is pale with teeth prints. The pulse is thready and weak. What is the prescription?

- a BL-15 (xin shu), CV-14 (ju que), CV-9 (shui fen), CV-4 (guan yuan), SP-9 (yin ling quan), HT-7, PC-6
- b BL-15 (xin shu), CV-14 (ju que), BL-23 (shen shu), HT-7 (shen men), PC-6 (nei guan), KI-3 (tai xi)
- c BL-15 (xin shu), CV-14 (ju que), HT-7 (shen men), PC-6 (nei guan), PC-5 (tong li), GB-40 (qin xu)
- d PC-6 (nei guan), ST-36 (zu san li), BL-15 (xin shu), CV-14 (ju que), HT-7 (shen men), BL-20 (pi shu), BL-21

29. A patient has atrophy of the optic nerve with blurred vision, weak breath, and keeps quiet. The tongue is pale with thin white coating. The pulse is thin and weak. What is the prescription?

- a GB-20 (feng chi), SP-6 (san yin jiao), GB-37 (guang ming), BL-1 (qiu hou), ST-36 (zu san li)
- b GB-20 (feng chi), GB-37 (guang ming), BL-1 (qiu hou), BL-18 (gan shu), BL-20 (pi shu), GB-14 (yang bai)
- c GB-20 (feng chi), LR-3 (tai chong), GB-37 (guang ming), LR-14 (qi men), GB-34 (yang ling quan), BL-1
- d BL-18 (gan shu), GB-20 (feng chi), GB-37 (guang ming), BL-1 (jing ming), LR-3, KI-3 (tai xi), BL-23

30. The prescription for an occipital headache is

- a GB-41 (zu lin qi), TB-5 (wai guan), GB-8 (shuai gu), extra point tai yang
- b SI-3 (hou xi), BL-60 (kun lun), GB-20 (feng chi)
- c LI-4 (he gu), ST-8 (tou wei), extra point yin tang, ST-44 (nei ting), GV-23 (shang xing)
- d LR-3 (tai chong), BL-67 (zhi yin), SI-3 (hou xi), GV-20 (bai hui)

31. A patient has wheezing, rapid and short breaths, strong cough with thick yellow phlegm and stuffy chest. The tongue has a thick and greasy coating. The pulse is slippery and fast. What is the prescription?

- a KI-6 (zhao hai), LU-7 (lie que), BL-13 (fei shu), LU-1 (zhong fu), LU-6 (kong zui)
- b BL-13 (fei shu), LU-9 (tai yuan), ST-36 (zu san li), SP-3 (tai bai)
- c BL-13 (fei shu), LU-5 (chi ze), CV-22 (tian tu), ST-40 (feng long), extra point ding chuan
- d GV-14 (da zhui), LU-7 (lie que), LI-4 (he gu), BL-12 (feng men), BL-13 (fei shu)

32. A patient has profuse and continuous vaginal discharge which is thin and clear, back pain, and frequent urination. The tongue is pale with thin coating. The pulse is deep. What is the prescription?

- a GB-26 (dai mai), CV-4 (guan yuan), KI-7 (fu liu), BL-23 (shen shu), KI-12 (da he)
- b CV-6 (qi hai), SP-9 (yin ling quan), ST-36 (zu san li), GB-26 (dai mai), BL-30 (bai huan shu)
- c GB-26 (dai mai), KI-7 (fu liu), LR-3 (tai chong), SP-9 (yin ling quan)

d CV-3 (zhong ji), SP-6 (san yin jiao), LR-3 (tai chong), BL-32 (ci liao), LR-5 (li gou)

33. A patient has amenorrhea with an absence of menses for several months, lower abdominal pain with a hard mass, and fullness in the chest. The tongue is purplish with spots. The pulse is deep and wiry. What is the prescription?

a CV-3 (zhong ji), ST-29 (gui lai), SP-8 (di ji), SP-9 (yin ling quan), BL-32 (ci liao)

b SP-6 (san yin jiao), CV-4 (guan yuan), BL-20 (pi shu), ST-36 (zu san li), LI-4 (he gu)

c CV-3 (zhong ji), ST-29 (gui lai), LI-4 (he gu), SP-6 (san yin jiao), SP-10 (xue hai), KI-14 (si man), LR-3

d CV-4 (guan yuan), BL-18 (gan shu), BL-20 (pi shu), BL-23 (shen shu), SP-6 (san yin jiao), ST-36 (zu san li)

34. A patient has red rashes with severe itching. The pulse is floating and fast. What is the prescription?

a LI-11 (qu chi), LI-4 (he gu), BL-40 (wei zhong), SP-10 (xue hai), SP-6 (san yin jiao), SP-9

b LI-11 (qu chi), LI-4 (he gu), BL-40 (wei zhong), SP-10 (xue hai), SP-6 (san yin jiao)

c LI-11 (qu chi), LI-4 (he gu), BL-40 (wei zhong), SP-10 (xue hai), SP-6 (san yin jiao), GV-14 (da zhui)

d LI-11 (qu chi), LI-4 (he gu), BL-40 (wei zhong), SP-10 (xue hai), SP-6 (san yin jiao), ST-25 (tian shu), ST-36

35. A patient has palpitations, is easily frightened, restlessness, dream-disturbed sleep, and irritability. The tongue has a yellow greasy coating. The pulse is slippery and fast. What is the prescription?

a BL-15 (xin shu), CV-14 (ju que), CV-9 (shui fen), CV-4 (guan yuan), SP-9 (yin ling quan), HT-7, PC-6

b BL-15 (xin shu), CV-14 (ju que), BL-23 (shen shu), HT-7 (shen men), PC-6 (nei guan), KI-3 (tai xi)

c BL-15 (xin shu), CV-14 (ju que), HT-7 (shen men), PC-6 (nei guan), HT-5 (tong li), GB-40 (qin xu)

d PC-6 (nei guan), ST-36 (zu san li), BL-15 (xin shu), CV-14 (ju que), HT-7 (shen men), BL-20 (pi shu), BL-21

36. A pregnant woman has prolonged labor with malposition of the fetus with dull paroxysmal pains, bleeding with light colored blood, and pale complexion. The tongue is pale. The pulse is weak. What is the prescription?

a BL-67 (zhi yin), SP-6 (san yin jiao), LI-4 (he gu)

b BL-67 (zhi yin), SP-6 (san yin jiao), ST-36 (zu san li)

c BL-67 (zhi yin), GB-21 (jian jing), ST-36 (zu san li)

d BL-67 (zhi yin), GB-21 (jian jing), LI-4 (he gu)

37. A patient has a lingering headache with pain relieved by warmth and worse with cold and worse with mental stress, dizziness, blurry vision, and pale face. The tongue has a white coating. The pulse is thin. What is the prescription?

a BL-18 (gan shu), GV-20 (bai hui), BL-23 (shen shu), CV-6 (qi hai), BL-20 (pi shu), ST-36 (zu san li)

b GB-20 (feng chi), GV-20 (bai hui), LR-2 (xing jian), GB-43 (xia xi), GB-5 (xuan lu)

c SI-3 (hou xi), BL-60 (kun lun), GB-20 (feng chi)

d LI-4 (he gu), ST-8 (tou wei), extra point yin tang, ST-44 (nei ting), GV-23 (shang xing)

38. A patient has abdominal pain which is worse with pressure and after meals and improves after a bowel movement, epigastric distention, foul belching, poor appetite, and acid reflux. The tongue has a sticky coating. The pulse is slippery. What is the prescription?

a ST-25 (tian shu), ST-36 (zu san li), CV-6 (qi hai), CV-12 (zhong wan)

b BL-32 (ci liao), ST-25 (tian shu), BL-23 (shen shu), BL-20 (pi shu)

c ST-36 (zu san li), CV-12 (zhong wan), CV-6 (qi hai), LR-13 (zhang men), BL-20 (pi shu)

d CV-12 (zhong wan), SP-4 (gong sun), moxa with salt on CV-8 (shen que), ST-36 (zu san li)

39. A patient has dizziness made worse with stress, irritability, red eyes, dream disturbed-sleep, and bitter mouth taste. The tongue red with yellow coating. The pulse is wiry. What is the prescription?

a BL-23 (shen shu), KI-3 (tai xi), GB-20 (feng chi), BL-18 (gan shu), LR-2 (xing jian)

b BL-20 (pi shu), CV-12 (zhong wan), PC-6 (nei guan), ST-40 (feng long), ST-8 (tou wei)

c GV-20 (bai hui), CV-4 (guan yuan), ST-36 (zu san li), SP-6 (san yin jiao), BL-20 (pi shu)

d Extra point yin tang, ST-8 (tou wei), GB-20 (feng chi), LR-3 (tai chong)

40. A patient has long standing low back pain and soreness, with a sense of weakness in the back, pain worse with fatigue and better with bed rest, cold limbs, and lassitude. The tongue is pale. The pulse is deep and weak. What is the prescription?

a Extra point yao tong xue, BL-23 (shen shu), BL-40 (wei zhong), GV-26 (ren zhong), GV-3 (yao yang guan)

- b BL-23 (shen shu), BL-25 (da chang shu), BL-26 (guan yuan shu), GV-3 (yao yang guan), BL-40 (wei zhong)
c BL-40 (wei zhong), GV-26 (ren zhong)
d BL-40 (wei zhong), GV-3 (yao yang guan), GV-4 (ming men), BL-23 (shen shu), extra point yao yan

41. A patient has frequent vomiting which has an acid taste, epigastric and abdominal distention, loose stool, and belching. The tongue has a thick coating. The pulse is slippery and forceful. What is the prescription?

- a CV-12 (zhong wan), ST-36 (zu san li), LR-3 (tai chong), PC-6 (nei guan), SP-4 (gong sun)
b ST-36 (zu san li), PC-6 (nei guan), SP-4 (gong sun), CV-12 (zhong wan), CV-10 (xia wan)
c LI-4 (he gu), LI-10 (shou san li), PC-6 (nei guan), ST-25 (tian shu)
d SP-4 (gong sun), CV-12 (zhong wan), BL-20 (pi shu) ST-36 (zu san li), PC-6 (nei guan)

42. A patient is depressed, has headache, distress in the chest, bitter taste in mouth, and red eyes. The tongue is red with yellow coating. The pulse is wiry. What is the prescription?

- a LR-3 (tai chong), PC-6 (nei guan), CV-22 (tian tu), ST-40 (feng long), CV-17 (tan zhong)
b ST-36 (zu san li), CV-17 (tan zhong), CV-12 (zhong wan), LR-3 (tai chong), SP-4 (gong sun), BL-18
c CV-14 (ju que), HT-7 (shen men), SP-6 (san yin jiao), LR-3 (tai chong), PC-6 (nei guan), CV-17
d CV-13 (shang wan), TB-6 (zhi gou), GB-34 (yang ling quan), LR-2 (xing jian), GB-43 (xia xi)

43. A patient has retention of urine, distension and dull pain in the lower abdomen after a surgical operation. The tongue has purplish spots. The pulse is hesitant and fast. What is the prescription?

- a LR-2 (xing jian), BL-28 (pang guan shu), CV-3 (zhong ji), SP-9 (yin ling quan)
b TB-4 (yang chi), BL-23 (shen shu), CV-4 (guan yuan), GV-20 (bai hui), GV-4 (ming men)
c BL-28 (pang guan shu), CV-3 (zhong ji), SP-6 (san yin jiao), BL-39 (wei yang)
d SP-6 (san yin jiao), CV-3 (zhong ji), ST-28 (shui dao), KI-5 (shui quan)

44. A patient has nose bleeds with a dry mouth, reddish cheeks, and hot palms. The tongue is red with little coating. The pulse is thin and fast. What is the prescription?

- a LI-20 (ying xiang), LI-4 (he gu), LU-11 (shao shang), GV-23 (shang xing)
b LI-4 (he gu), GV-23 (shang xing), ST-44 (nei ting), LI-20 (ying xiang)
c GV-23 (shang xing), LI-4 (he gu), KI-6 (zhao hai), LI-20 (ying xiang)
d LI-20 (ying xiang), extra point tai yang, GB-20 (feng chi), BL-13 (fei shu), extra point bi tong

45. A patient has nose bleeds with fever, foul breath, and constipation. The tongue is red with yellow coating. The pulse is fast and forceful. What is the prescription?

- a LI-20 (ying xiang), LI-4 (he gu), LU-11 (shao shang), GV-23 (shang xing)
b LI-4 (he gu), GV-23 (shang xing), ST-44 (nei ting), LI-20 (ying xiang)
c LI-20 (ying xiang), extra point tai yang, GB-20 (feng chi), BL-13 (fei shu), extra point bi tong
d GV-23 (shang xing), LI-4 (he gu), KI-6 (zhao hai), LI-20 (ying xiang)

46. The prescription for a frontal headache is

- a GB-41 (zu lin qi), TB-5 (wai guan), GB-8 (shuai gu), extra point tai yang
b LI-4 (he gu), ST-8 (tou wei), extra point yin tang, ST-44 (nei ting), GV-23 (shang xing)
c LR-3 (tai chong), BL-67 (zhi yin), SI-3 (hou xi), GV-20 (bai hui)
d SI-3 (hou xi), BL-60 (kun lun), GB-20 (feng chi)

47. A patient has abdominal pain with a sudden onset, pain is worse with cold, and loose stools. The tongue has a thin-white coating. The pulse is deep and slow. What is the prescription?

- a CV-12 (zhong wan), ST-25 (tian shu), BL-23 (shen shu), BL-20 (pi shu)
b ST-36 (zu san li), CV-12 (zhong wan), CV-6 (qi hai), LR-13 (zhang men), BL-20 (pi shu)
c SP-4 (gong sun), CV-12 (zhong wan), moxa with salt on CV-8 (shen que), ST-36 (zu san li)
d ST-25 (tian shu), ST-36 (zu san li), CV-6 (qi hai), CV-12 (zhong wan)

48. The prescription for a parietal headache is

- a SI-3 (hou xi), BL-60 (kun lun), GB-20 (feng chi)
b GB-41 (zu lin qi), TB-5 (wai guan), GB-8 (shuai gu), extra point tai yang
c LI-4 (he gu), ST-8 (tou wei), extra point yin tang, ST-44 (nei ting), GV-23 (shang xing)

d SI-3 (hou xi), LR-3 (tai chong), BL-67 (zhi yin), GV-20 (bai hui)

49. A pregnant woman patient has morning sickness with nausea and vomiting of undigested food right after eating, sleepiness, and lassitude. The tongue is pale with white coating. The pulse is slippery and weak. What is the prescription?

- a CV-12 (zhong wan), ST-36 (zu san li), CV-17 (tan zhong), PC-6 (nei guan), LR-3 (tai chong)
- b CV-12 (zhong wan), SP-4 (gong sun), PC-6 (nei guan), LI-4 (he gu), SP-6 (san yin jiao)
- c CV-12 (zhong wan), SP-4 (gong sun), PC-6 (nei guan), SP-9 (yin ling quan), SP-6 (san yin jiao)
- d CV-12 (zhong wan), SP-4 (gong sun), PC-6 (nei guan), ST-36 (zu san li)

50. After giving birth, a woman has no breast milk, pale face, dry skin, and poor appetite. The tongue is pale with little coating. The pulse is thin and weak. What is the prescription?

- a SI-1 (shao ze), CV-17 (tan zhong), SP-6 (san yin jiao), ST-18 (ru gen), ST-36 (zu san li)
- b SI-1 (shao ze), BL-23 (shen shu), KI-3 (tai xi), KI-7 (fu liu), CV-17 (tan zhong)
- c SI-1 (shao ze), LR-14 (qi men), CV-17 (tan zhong), CV-12 (zhong wan), LR-3 (tai chong), PC-6
- d SI-1 (shao ze), GB-21 (jian jing), ST-19 (bu rong), LR-3 (tai chong), ST-36 (zu san li)

51. A patient has dull abdominal pain which comes and goes, pain is worse with hunger and fatigue. There is aversion to cold and fatigue. The tongue has a thin white coating. The pulse is deep and thin. What is the prescription?

- a CV-12 (zhong wan), ST-25 (tian shu), BL-23 (shen shu), BL-20 (pi shu)
- b ST-25 (tian shu), ST-36 (zu san li), CV-6 (qi hai), CV-12 (zhong wan)
- c ST-36 (zu san li), CV-12 (zhong wan), CV-6 (qi hai), LR-13 (zhang men), BL-20 (pi shu)
- d SP-4 (gong sun), CV-12 (zhong wan), moxa with salt on CV-8 (shen que), ST-36 (zu san li)

52. A patient has wheezing, short and rapid breathing, weak voice and cough, and sweating on exertion. The tongue is pale. The pulse is weak. What is the prescription?

- a KI-6 (zhao hai), LU-7 (lie que), BL-13 (fei shu), LU-1 (zhong fu), LU-6 (kong zui)
- b GV-14 (da zhui), LU-7 (lie que), LI-4 (he gu), BL-12 (feng men), BL-13 (fei shu)
- c BL-13 (fei shu), LU-5 (chi ze), CV-22 (tian tu), ST-40 (feng long), extra point ding chuan
- d BL-13 (fei shu), LU-9 (tai yuan), ST-36 (zu san li), SP-3 (tai bai)

53. A patient has an acute facial pain on the maxillary region like an electric shock. The pain is intolerable but transient. There is a runny nose and tearing. The tongue has a thin white coating. The pulse is wiry. What is the prescription?

- a LI-4 (he gu), ST-6 (jia che), ST-7 (xia guan), ST-5 (da ying), KI-6 (zhao hai), SP-6 (san yin jiao)
- b ST-2 (si bai), SI-18 (quan liao), LI-20 (ying xiang), LI-4 (he gu), GB-20 (feng chi)
- c TB-5 (wai guan), GB-14 (yang bai), extra point tai yang, BL-2 (zan shu), LR-3 (tai chong), ST-44 (nei ting)
- d LI-4 (he gu), ST-8 (tou wei), extra point yin tang, ST-44 (nei ting), GV-23 (shang xing), GB-20 (feng chi)

54. A patient has prolapsed uterus, dry vagina, bearing down sensation in the lower abdomen, frequent urination, and tinnitus. The tongue is pale. The pulse is deep and weak. What is the prescription?

- a CV-4 (guan yuan), LR-8 (qu quan), KI-6 (zhao hai), extra point (zi gong)
- b GV-20 (bai hui), ST-29 (gui lai), CV-12 (zhong wan), CV-6 (qi hai), ST-36 (zu san li)
- c CV-4 (guan yuan), CV-3 (zhong ji), CV-2 (qu gu), GV-20 (bai hui)
- d ST-25 (tian shu), BL-32 (ci liao), BL-23 (shen shu), CV-4 (guan yuan), SP-6 (san yin jiao)

55. A patient has continual hiccups, distending pain, and a feeling of oppression in the chest. The tongue has a thin coating. The pulse is wiry and forceful. What is the prescription?

- a PC-6 (nei guan), BL-17 (ge shu), CV-12 (zhong wan), ST-36 (zu san li), CV-13 (shang wan)
- b BL-17 (ge shu), CV-12 (zhong wan), CV-14 (ju que), ST-36 (zu san li), PC-6 (nei guan)
- c BL-17 (ge shu), BL-20 (pi shu), BL-19 (dan shu)
- d ST-36 (zu san li), PC-6 (nei guan), LR-3 (tai chong), BL-17 (ge shu), CV-12 (zhong wan)

56. A patient has difficulty falling asleep, dreams, palpitations, poor memory, anorexia, and sallow complexion. The tongue is pale with thin white coating. The pulse is thin and weak. What is the prescription?

- a Extra point an mian, BL-15 (xin shu), BL-23 (shen shu), HT-7 (shen men), SP-6 (san yin jiao), KI-3 (tai xi)

- b BL-18 (gan shu), BL-19 (dan shu), GB-12 (wai guan), HT-7 (shen men), SP-6, extra point an mian
- c HT-7 (shen men), SP-6 (san yin jiao), extra point an mian, BL-20 (pi shu), BL-15 (xin shu), SP-1 (yin bai)
- d ST-36 (zu san li), HT-7 (shen men), SP-6 (san yin jiao), extra point an mian, BL-21 (wei shu)

57. A patient has dysmenorrhea with pain in the lower abdomen that starts prior to menstruation, scanty and dark purple menses with clots, and distending breast pain. The tongue has a purplish color. The pulse is deep and wiry. What is the prescription?

- a SP-6 (san yin jiao), CV-4 (guan yuan), BL-20 (pi shu), ST-36 (zu san li), BL-23 (shen shu)
- b CV-6 (qi hai), CV-4 (guan yuan), LI-4 (he gu), SP-10 (xue hai), SP-8 (di ji)
- c CV-3 (zhong ji), SP-10 (xue hai), LR-3 (tai chong), SP-6 (san yin jiao), LI-4 (he gu), ST-29 (gui lai)
- d CV-3 (zhong ji), BL-32 (ci liao), LI-4 (he gu), SP-10 (xue hai), SP-8 (di ji), LR-3 (tai chong)

58. A patient has difficult and hesitant urination with fullness and pain in the lower abdomen. The tongue has a thin and white coating. The pulse is deep and wiry. What is the prescription?

- a LR-2 (xing jian), BL-28 (pang guan shu), CV-3 (zhong ji), SP-9 (yin ling quan)
- b SP-9 (yin ling quan), BL-23 (shen hu), BL-28 (pang guan shu), CV-3 (zhong ji), KI-6 (zhao hai)
- c BL-28 (pang guan shu), CV-3 (zhong ji), SP-9 (yin ling quan), BL-39 (wei yang)
- d BL-28 (pang guan shu), SP-10 (xue hai), CV-3 (zhong ji), SP-9 (yin ling quan), SP-6 (san yin jiao)

59. A patient has cough, itchy throat, nasal obstruction, thin sputum. He complains of painful swelling of the throat. The tongue has a thin yellow coating. The pulse is floating and fast. What is the prescription?

- a BL-13 (fei shu), LU-7 (lie que), LI-4 (he gu), GV-14 (da zhui), TB-5 (wai guan)
- b LI-4 (he gu), LU-7 (lie que), BL-13 (fei shu), LU-11 (shao shang)
- c LI-4 (he gu), CV-12 (zhong wan), ST-40 (feng long), LU-11 (shao shang)
- d BL-13 (fei shu), LU-5 (chi ze), CV-12 (zhong wan), ST-40 (feng long)

60. A patient has facial pain in the mandibular region with lassitude, pain worsens with fatigue, sore back, and malar flush. The tongue is red without coating. The pulse is thin and fast. What is the prescription?

- a ST-2 (si bai), SI-18 (quan liao), LI-20 (ying xiang), LI-4 (he gu), GB-20 (feng chi)
- b LI-4 (he gu), ST-8 (tou wei), extra point yin tang, ST-44 (nei ting), GV-23 (shang xing), KI-6 (zhao hai), SP-6
- c TB-5 (wai guan), GB-14 (yang bai), extra point tai yang, BL-2 (zan shu), LR-3 (tai chong), ST-44
- d LI-4 (he gu), ST-6 (jia che), ST-7 (xia guan), ST-5 (da ying), KI-6 (zhao hai), SP-6 (san yin jiao)

61. A patient has insomnia with a suffocating feeling and distending pain in the epigastric area and belching. The tongue has a greasy coating. The pulse is slippery. What is the prescription?

- a HT-7 (shen men), SP-6 (san yin jiao), extra point an mian, BL-20 (pi shu), BL-15 (xin shu), SP-1 (yin bai)
- b Extra point an mian, BL-15 (xin shu), BL-23 (shen shu), HT-7 (shen men), SP-6 (san yin jiao), KI-3 (tai xi)
- c ST-36 (zu san li), HT-7 (shen men), SP-6 (san yin jiao), extra point an mian, BL-21 (wei shu)
- d BL-18 (gan shu), BL-19 (dan shu), GB-12 (wai guan), HT-7 (shen men), SP-6 (san yin jiao), extra point an mian

62. A patient has abdominal distention which improves with pressure, poor appetite, fatigue, and clear urine. The tongue is pale with white coating. The pulse is weak. What is the prescription?

- a ST-36 (zu san li), LI-10 (shou san li), LI-4 (he gu), CV-3 (zhong ji)
- b CV-12 (zhong wan), CV-4 (guan yuan), SP-3 (tai bai), ST-25 (tian shu), ST-36 (zu san li)
- c ST-25 (tian shu), ST-36 (zu san li), CV-12 (zhong wan), LI-4 (he gu), CV-6 (qi hai), SP-9 (yin ling quan)
- d SP-4 (gong sun), PC-6 (nei guan), CV-12 (zhong wan), BL-18 (gan shu)

63. A patient has hematuria, urgency when feels desire to urinate, burning and hot urine. The tongue has a thin and yellow coating. The pulse is forceful and fast. What is the prescription?

- a SP-9 (yin ling quan), BL-23 (shen hu), BL-28 (pang guan shu), CV-3 (zhong ji), KI-6 (zhao hai)
- b BL-28 (pang guan shu), SP-10 (xue hai), CV-3 (zhong ji), SP-9 (yin ling quan), SP-6 (san yin jiao)
- c BL-28 (pang guan shu), CV-3 (zhong ji), SP-9 (yin ling quan), BL-39 (wei yang)
- d LR-2 (xing jian), BL-28 (pang guan shu), CV-3 (zhong ji), SP-9 (yin ling quan)

64. A patient has slow and forceful hiccups which improve with application of heat on the epigastric area. The tongue has a white and wet coating. The pulse is slow. What is the prescription?

- a PC-6 (nei guan), BL-17 (ge shu), CV-12 (zhong wan), ST-36 (zu san li), CV-13 (shang wan)
- b BL-17 (ge shu), BL-18 (gan shu), BL-19 (dan shu), BL-20 (pi shu), BL-21 (wei shu)
- c BL-17 (ge shu), CV-12 (zhong wan), CV-14 (ju que), ST-36 (zu san li), PC-6 (nei guan)
- d ST-36 (zu san li), PC-6 (nei guan), LR-3 (tai chong), BL-17 (ge shu), CV-12 (zhong wan)

65. A patient is depressed, has abdominal distention, poor appetite, belching, sighing, and a stuck sensation in the throat. The tongue has a thin and sticky tongue coating. The pulse is wiry. What is the prescription?

- a ST-36 (zu san li), CV-17 (tan zhong), CV-12 (zhong wan), LR-3 (tai chong), SP-4 (gong sun), BL-18
- b CV-13 (shang wan), TB-6 (zhi gou), GB-34 (yang ling quan), LR-2 (xing jian), GB-43 (xia xi)
- c LR-3 (tai chong), PC-6 (nei guan), CV-22 (tian tu), ST-40 (feng long), CV-17 (tan zhong)
- d CV-14 (ju que), HT-7 (shen men), SP-6 (san yin jiao), LR-3 (tai chong), PC-6 (nei guan), CV-17 (tan zhong)

66. A patient has dizziness, insomnia, palpitations, pale lips and complexion, and shortness of breath. The tongue is pale. The pulse is thin and weak. What is the prescription?

- a BL-20 (pi shu), CV-12 (zhong wan), PC-6 (nei guan), ST-40 (feng long), ST-8 (tou wei)
- b GV-20 (bai hui), CV-4 (guan yuan), ST-36 (zu san li), SP-6 (san yin jia)
- c ST-36 (zu san li), SP-6 (san yin jiao), BL-18 (gan shu), LR-3 (tai chong)
- d BL-23 (shen shu), KI-3 (tai xi), GB-20 (feng chi), BL-18 (gan shu), LR-2 (xing jian)

67. A patient has loud hiccups which are worse after meals, epigastric and abdominal distention. The tongue has a thick and greasy coating. The pulse is slippery and forceful. What is the prescription?

- a BL-17 (ge shu), BL-18 (gan shu), BL-19 (dan shu)
- b BL-17 (ge shu), CV-12 (zhong wan), CV-14 (ju que), ST-36 (zu san li), PC-6 (nei guan)
- c ST-36 (zu san li), PC-6 (nei guan), LR-3 (tai chong), BL-17 (ge shu), CV-12 (zhong wan)
- d PC-6 (nei guan), BL-17 (ge shu), CV-12 (zhong wan), ST-36 (zu san li), CV-13 (shang wan)

68. A patient has chronic diarrhea which tends to occur in the early morning, pain below the navel, and cold extremities. The tongue is pale with white coating. The pulse is deep and weak. What is the prescription?

- a ST-36 (zu san li), ST-25 (tian shu), ST-44 (nei ting), SP-9 (yin ling quan)
- b ST-36 (zu san li), BL-20 (pi shu), CV-4 (guan yuan), KI-3 (tai xi)
- c ST-36 (zu san li), ST-25 (tian shu), CV-12 (zhong wan), CV-6 (qi hai)
- d ST-36 (zu san li), CV-12 (zhong wan), SP-3 (tai bai), BL-20 (pi shu), LR-13 (zhang men)

69. A patient has dull abdominal pain which comes and goes, pain is worse with hunger and fatigue. There is aversion to cold and fatigue. The tongue has a thin white coating. The pulse is deep and thin. What is the prescription?

- a CV-12 (zhong wan), ST-25 (tian shu), BL-23 (shen shu), BL-20 (pi shu)
- b ST-25 (tian shu), ST-36 (zu san li), CV-6 (qi hai), CV-12 (zhong wan)
- c ST-36 (zu san li), CV-12 (zhong wan), CV-6 (qi hai), LR-13 (zhang men), BL-20 (pi shu)
- d SP-4 (gong sun), CV-12 (zhong wan), moxa with salt on CV-8 (shen que), ST-36 (zu san li)

70. A patient has been in the sun too long. He has a headache and strong thirst. He has shortness of breath and then collapses, losing consciousness. He is sweating and the pulse is deep and forceless. What is the prescription?

- a GV-26 (shui gou), GV-20 (bai hui), extra point shi xuan, PC-3 (qu ze), BL-40 (wei zhong)
- b PC-9 (zhong chong), KI-1 (yong quan), GV-14 (da zhui)
- c GV-14 (da zhui), PC-6 (nei guan), LI-11 (qu chi), BL-40 (wei zhong)
- d LI-4 (he gu), LR-2 (xing jian), GV-20 (bai hui), GB-20 (feng chi)

71. A patient has dysentery with difficult BMs, white mucous in the stool, lingering abdominal pain, no thirst, tastelessness in the mouth, and aversion to cold. The tongue has a white and greasy coating. The pulse is deep and slow. What is the prescription?

- a ST-37 (shang ju xu), ST-25 (tian shu), CV-12 (zhong wan), moxa CV-6 (qi hai), moxa SP-9 (yin ling quan)
- b ST-37 (shang ju xu), ST-25 (tian shu), BL-20 (pi shu), CV-4 (guan yuan), ST-36 (zu san li)
- c ST-37 (shang ju xu), ST-25 (tian shu), LI-11 (qu chi), LI-4 (he gu)
- d ST-37 (shang ju xu), ST-25 (tian shu), CV-12 (zhong wan), PC-6 (nei guan)

72. A patient has dysentery with frequent stools, pus and blood in the stool, absolutely no appetite, and nausea. The tongue has a yellow greasy coating. The pulse is fast. What is the prescription?

- a ST-37 (shang ju xu), ST-25 (tian shu), CV-12 (zhong wan), PC-6 (nei guan)
- b ST-37 (shang ju xu), ST-25 (tian shu), LI-11 (qu chi), LI-4 (he gu)
- c ST-37 (shang ju xu), ST-25 (tian shu), CV-12 (zhong wan), moxa CV-6 (qi hai), moxa SP-9 (yin ling quan)
- d ST-37 (shang ju xu), ST-25 (tian shu), BL-20 (pi shu), CV-4 (guan yuan), ST-36 (zu san li)

73. A patient has cough, itchy throat, nasal obstruction, thin sputum. He complains of fever and aversion to cold. The tongue has a thin white coating. The pulse is floating. What is the prescription?

- a BL-13 (fei shu), LU-7 (lie que), LI-4 (he gu), GV-14 (da zhui), TB-5 (wai guan)
- b BL-13 (fei shu), LU-5 (chi ze), CV-12 (zhong wan), ST-40 (feng long)
- c LI-4 (he gu), LU-7 (lie que), BL-13 (fei shu), LU-11 (shao shang)
- d LU-5 (chi ze), CV-12 (zhong wan), ST-40 (feng long), GV-14 (da zhui), TB-5 (wai guan)

74. A patient has cough, white sticky phlegm, stuffy chest, loss of appetite, and greasy tongue coating. The pulse is slippery. What is the prescription?

- a BL-13 (fei shu), LU-7 (lie que), LI-4 (he gu), GV-14 (da zhui), TB-5 (wai guan)
- b BL-13 (fei shu), LU-5 (chi ze), CV-12 (zhong wan), ST-40 (feng long)
- c LI-4 (he gu), LU-7 (lie que), BL-13 (fei shu), LU-11 (shao shang)
- d LU-5 (chi ze), CV-12 (zhong wan), ST-40 (feng long), GV-14 (da zhui), TB-5 (wai guan)

75. A patient has wheezing, rapid breathing, chills and fever. The tongue has a white coating. The pulse is floating and tight. What is the prescription?

- a BL-13 (fei shu), LU-9 (tai yuan), ST-36 (zu san li), SP-3 (tai bai)
- b GV-14 (da zhui), LU-7 (lie que), LI-4 (he gu), BL-12 (feng men), BL-13 (fei shu)
- c KI-6 (zhao hai), LU-7 (lie que), BL-13 (fei shu), LU-1 (zhong fu), LU-6 (kong zui)
- d BL-13 (fei shu), LU-5 (chi ze), CV-22 (tian tu), ST-40 (feng long), extra point ding chuan

76. A patient has abdominal pain with a sudden onset, pain is worse with cold, and loose stools. The tongue has a thin-white coating. The pulse is deep and slow. What is the prescription?

- a CV-12 (zhong wan), ST-25 (tian shu), BL-23 (shen shu), BL-20 (pi shu)
- b ST-36 (zu san li), CV-12 (zhong wan), CV-6 (qi hai), LR-13 (zhang men), BL-20 (pi shu)
- c SP-4 (gong sun), CV-12 (zhong wan), moxa with salt on CV-8 (shen que), ST-36 (zu san li)
- d ST-25 (tian shu), ST-36 (zu san li), CV-6 (qi hai), CV-12 (zhong wan)

77. A patient has wheezing, rapid and short breaths, strong cough with thick yellow phlegm and stuffy chest. The tongue has a thick and greasy coating. The pulse is slippery and fast. What is the prescription?

- a KI-6 (zhao hai), LU-7 (lie que), BL-13 (fei shu), LU-1 (zhong fu), LU-6 (kong zui)
- b BL-13 (fei shu), LU-9 (tai yuan), ST-36 (zu san li), SP-3 (tai bai)
- c BL-13 (fei shu), LU-5 (chi ze), CV-22 (tian tu), ST-40 (feng long), extra point ding chuan
- d GV-14 (da zhui), LU-7 (lie que), LI-4 (he gu), BL-12 (feng men), BL-13 (fei shu) next question reset

78. A patient has a dry cough with scanty phlegm, dry nose and throat, and red tongue. She has noticed blood in her spit. The tongue is red with thin coating. The pulse is thin and fast. What is the prescription?

- a BL-13 (fei shu), LU-5 (chi ze), CV-22 (tian tu), ST-40 (feng long), extra point ding chuan
